

**City of Livonia
Police and Fire Revised Retirement Plan**

SUMMARY ANNUAL REPORT TO MEMBERS

NOVEMBER 30, 2023

Dear Livonia Police and Fire Revised Retirement Plan Member:

The Retirement Plan is designed to help you meet your financial needs of you and your family by providing a pension in the event you should retire, become disabled, or die.

The benefits are being administered by the City of Livonia and funded by contributions and investment earnings. The System retains professional advisors to assist in fulfilling its responsibilities.

The summary report has been prepared to give you a brief overview of the Retirement System and how it operates. We hope you will find it useful and informative. However, this summary is not intended to cover all the details of the Retirement System, which is governed by the provisions of the City's charter, the City's retirement ordinance, and any applicable collective bargaining agreements. Additional information about the Retirement System and its financial operation is available in the Department of Human Resources and the Treasurer's office.

Respectfully submitted,

Board of Trustees

William Tyree (Chair) | Mark LaBerge (Treasurer) | Kathleen McIntyre
Gerald Sabo | James Wenson

Investment Consultant

John Krakowiak, Morgan Stanley/Graystone

Investment Managers

SUMMARY RESULTS OF ACTUARIAL VALUATION

To determine an appropriate employer contribution level for the ensuing year and to gauge how the System's funding is meeting this fundamental objective, an independent firm of actuaries and employee benefit consultants, Nyhart, conducts annual actuarial valuations.

These valuations are based on your System's past experience, information about current participation and financial markets, and assumptions concerning the System's future demographic and economic activity.

Actuary's Opinion

It is the actuary's opinion that the contribution rates recommended are sufficient to meet the Retirement System's financial objective. For a complete analysis, please review the November 30, 2023 actuarial valuation report.

BRIEF SUMMARY OF ACTUARIAL ASSUMPTIONS AND PLAN PROVISIONS

Actuarial Assumptions

Actuarial cost method	Entry Age Normal
Amortization method	Amortization of UAAL using level percentage of payroll
Remaining amortization period	16-years
Asset valuation method	5 Year Smoothed Market
Investment rate of return	7.00%
Projected salary increases	2.50%

	Eligibility	Straight Life Amount
Normal Retirement	25 years of service regardless of age, or age 52 with 15 or more years of service.	2.5% of average final compensation (AFC) per year of service up to a maximum of 75% of AFC.
Deferred Retirement	15 years of service	Same as NRB using service and AFC at termination

The System also provides early retirement, late retirement, disability and death-in-service survivor benefits which you or your spouse may be eligible to receive.
