CITY OF LIVONIA SEEKS FEEDBACK FOR ADA COMPLIANCE

On Thursday, May 6, 2021, at 2 p.m. and 7 p.m. Eastern, the City of Livonia will conduct two meetings to hear feedback about parks and facilities accessibility conducted via Zoom.

The City of Livonia retained the WT Group (WTG) Accessibility Practice in late 2020 to develop a transition plan, one of the requirements of the Americans with Disabilities Act (ADA). A transition plan identifies access barriers and phases to retrofit work over a period of time. John McGovern leads the Accessibility Practice at WTG and he will coordinate these 60-minute meetings. In the meetings, WTG will:

- Review key ADA requirements for parks and facilities
- Discuss the importance of community feedback in establishing retrofit priorities
- Share observations of access barriers viewed at City of Livonia sites
- Ask for the access preferences and priorities of the members of the public in attendance
- Close with a discussion about next steps for the City of Livonia

Registration is required and each Zoom session can accommodate 100 attendees. The meetings will be recorded.
