EVENT DEFINITION

The City of Livonia has outdoor facilities suitable for a variety of special events that contribute to the individual, social, economic and environmental health and well-being of the community. A Special Use is defined as an activity or event held on City of Livonia property where the event will interfere with vehicular or pedestrian traffic and is beyond regular park usage, where a higher concern exists for the protection of participants, users and/or property. A special use may include but is not limited to races, carnivals, festivals, parades, company picnics, private fundraisers and camps. A park cannot be reserved for the exclusive use of one group. Access to the parks by the general public must be available at all times. Areas may be roped off or otherwise secured if the Department grants this as a specified condition, but we cannot guarantee that the public will not enter the event area. If you are interested in using a Park Pavilion please reserve the pavilion as soon as you can. If your Special Use Application is not approved the pavilion fee will be refunded.

The City of Livonia Parks and Recreation Department will conduct a review process upon receipt of the application and will make a decision to approve the event based on the following criteria:

- Goals and objectives of the City of Livonia's Parks and Recreation Master Plan.
- Public impact on park and street access and closures.
- Duplication of events.
- Scheduling conflicts with other City activities (i.e. A City run Special Event, road work, etc.).
- Park and facilities capacity (adequate support staff and resources).
- Concurrence by other affected agencies.
